

Optimizing Treatment and Improving Care Transitions in **CHRONIC HEART FAILURE**

An Official Satellite Symposium of the
Cardiovascular Disease Management: A Case Based Approach
4th Annual Symposium

Thursday, October 13, 2016

6:45 am - 7:45 am

Arizona Biltmore – Grand Ballroom

PRESENTING FACULTY

Gregg Fonarow, MD

Director, Ahmanson-UCLA
Cardiomyopathy Center
Co-Director, UCLA Preventative
Cardiology Program
Co-Chief, UCLA Division of Cardiology
The Eliot Corday Chair in Cardiovascular
Medicine and Science
Los Angeles, CA

Uri Elkayam, MD, FACC

Professor of Medicine
Division of Cardiology
University of Southern California
Los Angeles, CA

TARGET AUDIENCE

The educational design of this activity addresses the needs of cardiologists and cardiovascular advance practice professionals involved in the treatment of patients with chronic heart failure.

PROGRAM OVERVIEW

The goal of the program is optimizing treatment and improving care transitions in chronic heart failure. Specifically, to improve patient outcomes through the integration of evidence-based recommendations, effective quality improvement strategies, improved patient transitions through the continuum of care, and the optimization of pharmacologic therapies for patients with chronic heart failure.

PROGRAM AGENDA

6:45 am	Program Overview
6:50 am	<i>Chronic Heart Failure: Mechanisms, Impact, and Outcomes</i>
7:00 am	<i>Clinical Application: Optimizing Pharmacological Treatment and Applying the Recommendations in Patients with Chronic Heart Failure</i>
7:15 am	<i>Improving Care: Safety and Efficacy of the New Medications and the New Recommendations</i>
7:30 am	Questions and Answers
