28TH ANNUAL Cardiovascular Interventions

November 7 – 10, 2017
Hilton La Jolla Torrey Pines
La Jolla, California

This conference fulfills the new Title 17 California Code requirement for 4 CE credits in radiation safety for the clinical uses of fluoroscopy

COURSE DIRECTOR
Paul S. Teirstein, MD, FACC, FSCAI

SCRIPPS COURSE CO-DIRECTORS
Matthew J. Price, MD, FACC, FSCAI
Richard A. Schatz, MD, FACC
Curtiss T. Stinis, MD, FACC, FSCAI
Introduction

Course Overview
Cardiologists are trained during their fellowship years in the latest techniques, technologies, standards of practice and guidelines for patient care. However, the practice of medicine changes rapidly and the discipline of interventional cardiology changes dramatically each year. Changes in interventional cardiology directly impact patient care and require constant updates to physician knowledge and practices. Physicians rely on journal articles, interaction with colleagues and lectures throughout the year to keep their knowledge up-to-date. The primary purpose of the “28th Annual Cardiovascular Interventions” symposium is to provide the practicing physician and cardiovascular care team with a concentrated exposure to new developments in interventional cardiology that will positively influence patient outcomes.

The 2017 scientific program has been carefully designed by consulting recent key clinical trial data, articles in peer-reviewed scientific journals, physician focus groups, past evaluations, and needs assessments. By attending this program, participants will learn the latest advances and debates in interventional cardiology. They will return to their practice environment armed with the latest evidence-based, practical information to improve patient care and outcomes.

Conference Highlights

- Plenary talks from nationally recognized experts
- Live satellite case transmissions from La Jolla and New York
- Ample question and answer time with course faculty
- Receptions and networking opportunities among colleagues
- Expanded satellite symposia and pre-conference seminar

Target Audience
This course is designed for interventional cardiologists, cardiac surgeons, vascular surgeons, internists, nurses, cath lab technicians, perfusionists, and those with a special interest in interventional cardiology. No experience in interventional cardiology is required, however a basic understanding of the field is recommended.

Educational Objectives
After attending this activity, participants should be able to:

- Apply new technical approaches to specific lesion subsets such as bifurcation lesions, left main lesions, chronic total occlusions and saphenous vein graft disease
- Integrate the latest guidelines and practice improvements into the management of myocardial function
- Discuss new techniques under development for percutaneous cardiac valve repair and replacement
- Reduce common catheterization laboratory patient complications using new techniques and technologies
- Critique the latest evidence supporting new cardiac imaging modalities such as IVUS and FFR guided stent deployment
-Prescribe the appropriate antithrombotic therapies based on the latest data and guidelines
- Evaluate the indications, practical implantation techniques and evidence base for bioresorbable scaffolds

CME Accreditation and Designation
Promedica International is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. Promedica International designates this live activity for a maximum of 23 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Provider approved by the California Board of Registered Nursing, Provider #8495 for 23 Contact Hours.

The American Board of Cardiovascular Perfusion (ABCP) has approved a total of 27.6 Category 1 CEUs for perfusionists for Wednesday, November 8 (4.8), Thursday, November 9 (11.4), and Friday, November 10 (11.4).

ABIM MOC Accreditation
Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 23 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Radiation Safety
This conference fulfills the new Title 17 California Code requirement for 4 CE credits in radiation safety for the clinical uses of fluoroscopy.

Commercial Support
This course is supported, in part, by educational grants from industry, in accordance with the ACCME accreditation Standards for Commercial Support. At the time of printing, a complete listing of commercial supporters was not available. Appropriate acknowledgement will be given to all supporters at the time of the educational activity.

Cultural and Linguistic Competency
This activity is in compliance with California Assembly Bill 1195 which requires that all CME activities comprising a patient care element include curriculum addressing the topic of cultural and linguistic competency. The intent of this bill is to ensure that health care professionals are able to meet the cultural and linguistic concerns of a diverse patient population through effective and appropriate professional development. Cultural and linguistic competency was incorporated into the planning of this activity.
Faculty

Course Director
Paul S. Teirstein, MD, FACC, FSCAI
Chief of Cardiology
Director, Interventional Cardiology
Scripps Clinic
La Jolla, CA

Scripps Course Co-Directors
Matthew J. Price, MD, FACC, FSCAI
Director, Cardiac Catheterization Laboratory
Scripps Clinic
La Jolla, CA

Richard A. Schatz, MD, FACC
Research Director,
Cardiovascular Interventions
Director, Gene and Cell Therapy
Scripps Clinic
La Jolla, CA

Curtis T. Stinis, MD, FACC, FSCAI
Director, Peripheral Interventions
Director,
Interventional Cardiology Fellowship Program
Scripps Clinic
La Jolla, CA

Symposium Faculty
Ziad Ali, MD, DPhil
Louis V. Gerstner Scholar and Victoria
and Esther Aboodi Cardiovascular Scientist
Associate Director of Translational Science
Assistant Professor of Medicine
Columbia University Medical Center
New York, NY

Amit Amin, MD, MSc
Assistant Professor of Medicine, Cardiology
Washington University School of Medicine
St. Louis, MO

Daniel Burkhoff, MD, PhD
Director, Heart Failure, Hemodynamics
and Mechanical Circulatory Support Research
Cardiovascular Research Foundation
New York, NY

Mauro G. Cohen, MD, FACC, FSCAI
Cath Lab Director
Associate Professor of Medicine
University of Miami Miller School of Medicine
Miami, FL

Tony J. DeMartini, MD, FACC
Advocate Health Institute
Downers Grove, IL

Michael P. Flaherty, MD, PhD, FACC, FSCAI
Associate Professor of Medicine & Physiology
University of Louisville School of Medicine
Louisville, KY

Mark Goodwin, MD, FACC
Chief of Cardiology
System Director of Structural Heart
and Cardiac Innovations
Advocate Medical Group
Naperville, IL

Cindy L. Grines, MD, FACC, FSCAI
Medical School Chair of Cardiology
Northwell – Northshore University Hospital
Manhasset, NY

Dean Kereiakes, MD, FACC
Medical Director
The Christ Hospital Heart and Vascular Center
The Carl and Edyth Lindner Center for Research and Education
The Christ Hospital
Cincinnati, OH

Morton Kern, MD, MSCI, FACC, FAHA
Chief of Medicine
VA Long Beach Health Care System
Professor of Medicine
University of California, Irvine
Long Beach, CA

Ajay J. Kirtane, MD, SM, FACC
Associate Professor of Medicine
Columbia University Medical Center
Chief Academic Officer
Center for Interventional Vascular Therapy
Director, NYP/Columbia Cardiac Catheterization Laboratories
New York, NY

William Lombardi, MD, FACC, FSCAI
Director for Complex Coronary Artery Disease Therapies
University of Washington
Seattle, WA

Ehtisham Mahmud, MD, FACC, FSCAI
Professor of Medicine/Cardiology
Division Chief, Cardiovascular Medicine
Director, Sulpizio Cardiovascular Center – Medicine
Director, Interventional Cardiology
& CV Cath Labs
UC San Diego School of Medicine
San Diego, CA

James McCabe, MD, FACC
Medical Director, Cardiac Cath Labs
University of Washington
Seattle, WA

Perwaz Meraj, MD, FACC, FSCAI
Associate Professor of Cardiology
Director of Research & Associate Program Director
CHIP, Advanced Hemodynamic Support
and Structural Heart Disease
Northwell Health
Hofstra – Northwell School of Medicine
Manhasset, NY

Jeffrey Moses, MD, FACC, FSCAI
Professor of Medicine
Director, Interventional Cardiovascular Therapeutics
Columbia University Medical Center
New York, NY

Ashish Pershad, MD, FACC
Clinical Associate Professor of Medicine
Banner University Medical Center
Phoenix, AZ

Jeoffrey Rizik, MD, FACC, FSCAI
Chief Scientific Officer
Director of Structural & Coronary Interventions
HonorHealth Hospital System
Scottsdale, AZ

Barry Rutherford, MD, FACC
Professor of Medicine
University of Missouri-Kansas City
School of Medicine
Saint Luke’s Mid America Heart Institute
Kansas City, MO

Theodore L. Schreiber, MD, FACC
Academic Chief, Division of Cardiology
Wayne State University School of Medicine
President, DMC Heart Hospital
Detroit Medical Center
Detroit, MI

Richard Shlofmitz, MD, FACC, FSCAI
Chairman of Cardiology
St. Francis Hospital
Roslyn, NY

Ajay Srivastava, MD, FACC
Director, Acute Mechanical Circulatory Support Program
Scripps Clinic
La Jolla, CA

Alexander Truesdell, MD, FACC
Virginia Heart
McLean, VA

Simon Walsh, MD, FRCP, FSCAI
Consultant Cardiologist
Belfast Trust
Belfast, Northern Ireland

Faculty Disclosure
In accordance with the ACCME Standards for Commercial Support, course directors, planning committees, faculty and all others in control of the educational content of the CME activity must disclose all relevant financial relationships with any commercial interest that they or their spouse/partner may have had within the past 12 months. If an individual refuses to disclose relevant financial relationships, they will be disqualified from being a part of the planning and implementation of this CME activity. Employees of a commercial interest with business lines or products relating to the content of the CME activity will not participate in the planning or any accredited portion of the conference. Disclosure will be made to all participants at the conference location, prior to the educational activity commencement.

### Tuesday, November 7 Pre-Conference Seminar

**Impella: Advanced Use and Understanding of Percutaneous Hemodynamic Support**

8:30 AM
- Welcome
  - Paul S. Teirstein, MD

8:35 AM
- High-Risk PCI: Should We be Treating More Patients with PCI?
  - James McCabe, MD

8:55 AM
- Protected PCI: A New Treatment Strategy
  - Who: Patient Identification
  - How: Critical Skills and Competency
  - What: Requisite Tools
  - Mark Goodwin, MD

9:15 AM
- What is the Appropriate Revascularization Strategy for Protected PCI?
  - Complete Revascularization vs. Staged Procedures
  - Tony J. DeMartini, MD

9:35 AM
- Preventing AKI: Using Impella in Patients with Renal Dysfunction
  - Michael P. Fahlert, MD, PhD

10:00 AM
- Break

10:15 AM
- Basics of Hemodynamic Principles: Introduction to TEACH
  - Daniel Burkhoff, MD, PhD

11:00 AM
- Case Presentations
  - CTO’s and Atherectomy: The Role of Mechanical Circulatory Support with Hemodynamic Simulation
  - Tony J. DeMartini, MD

11:15 AM
- UPLM or MVD with Moderately Reduced EF with Hemodynamic Simulation
  - Michael P. Fahlert, MD, PhD

11:30 AM
- Axillary Insertion of Impella
  - James McCabe, MD

11:50 AM
- Panel Discussion

12:00 PM
- Lunch

12:45 PM
- Essential Elements for Building a Leading Protected PCI Program
  - HeartTeam Approach
  - Protocols and Algorithms
  - Outreach Programs
  - Protected PCI Coordinator
  - Mark Goodwin, MD

1:05 PM
- Panel Discussion on Protected PCI Key Take Home Messages

### Wednesday, November 8

**Contemporary Look at the Treatment of Cardiogenic Shock**

1:15 PM
- Pharmacologic and Device-Based Approaches to Acute Heart Failure and Cardiogenic Shock: Treating Patients with Pressors, IABP, Impella, and ECMO
  - Daniel Burkhoff, MD, PhD

1:45 PM
- War on Shock: Building the Team of Teams
  - Alexander Truesdell, MD

2:15 PM
- Door-to-Door Support: A New Quality Metric
  - Perwaiz Meraj, MD

2:35 PM
- Choosing MCS Options in AMI Cardiogenic Shock: Rationale for Impella First
  - Alexander Truesdell, MD

2:55 PM
- Break

3:15 PM
- Practical Insights for Adding Hemodynamic Support Into Your Critical Care Path: The Detroit Cardiogenic Shock Initiative (CSI) Experience
  - Theodore L. Schreiber, MD

3:45 PM
- Information Gleaned from Using a RHC
  - Ajay Srivastava, MD

4:00 PM
- Case Presentations on CGS:
  - Early Support Made a Difference (A Case from Detroit CSI)
  - Theodore L. Schreiber, MD
  - 4:15 PM I Waited Too Long
  - Alexander Truesdell, MD
  - 4:30 PM Right and Left Ventricular Support
  - Perwaiz Meraj, MD

4:45 PM
- Panel Discussion on Key Take-Away Messages
  - Paul S. Teirstein, MD

5:00 PM
- Reception in the Fairway Garden

**Scientific Program 2017**

Updates to the program will be available online at www.cvinterventions.com
Thursday, November 9

6:30 – 7:30 AM
Breakfast Symposium
Precision Coronary Interventions: The Evolving Role of Physiology and Imaging
Sponsored by ACIST Medical Systems
in co-promotion with Medtronic
This activity is not included in CME hours
Welcome/Coronary Physiology and Imaging in the Lab: The Best of Times for New Technologies and New Outcomes
Approaches to Coronary Physiology: FFR, Contrast FFR, Pd/Pa and iFR – When to Use What
Rapid Exchange FFR Microcatheter – the Value in Complex- and Post-PCI
HD-JVUS in Complex PCI – The Advantage of Seeing More

6:30 AM
Continental Breakfast & View Exhibits

7:30 AM
Live Cases 5 & 6 from Scripps Clinic
Show Me the Data: Key Clinical Trials of 2017
Ehsisham Mahmud, MD
Latest FFR and iFR Data
Barry Rutherford, MD
The Latest Transcatheter Revolution: Catheter Based Mitral Valve Repair and Replacement
Matthew J. Price, MD

9:30 AM
Break & View Exhibits

10:00 AM
Live Cases 7 & 8 from St. Francis Medical Center, New York, NY
Live Operators: Jeffrey Moses, MD
Richard Shlofmitz, MD
Unprotected Left Main PCI: Ready for Prime Time
Paul S. Teirstein, MD
Transcatheter Aortic Valve Replacement (TAVR): Expanding the Indications
Paul S. Teirstein, MD

6:00 PM
Anti MOC Update
Paul S. Teirstein, MD
Challenging Cases Panel Discussion
Live Cases 9 & 10 from Scripps Clinic
Radial PCI: Getting from the Wrist to the Coronary Lesion – How to Deal with Hostile Anatomy
Matthew J. Price, MD
TAUR Tips and Tricks: How to Succeed with Challenging Cases
Curtiss T. Stinis, MD
Avoiding and Managing Femoral Access Site Complications
Curtiss T. Stinis, MD

3:30 PM
Break & View Exhibits

4:00 PM
Live Cases 11 & 12 from Scripps Clinic
Duration of Dual Anti-Platelet Therapy Post Stenting: How to Integrate the Data and Treat Real World Patients
Dean Kereiakes, MD
Left Atrial Appendage Closure in Atrial Fibrillation to Prevent Stroke
Matthew J. Price, MD
Public and Physician Unawareness of Medical Reimbursement for Common Hospital Procedures
Richard A. Schatz, MD

12:00 PM Lunch

Friday, November 10

6:30 AM
Continental Breakfast & View Exhibits

7:30 AM
Live Cases 13 & 14 from Scripps Clinic
Drug Filled Stents
Ajay J. Kirtane, MD, SM
Bioresorbable Vascular Scaffolds
David G. Rizik, MD
Bioresorbable Polymer DES
Dean Kereiakes, MD

9:30 AM
Break & View Exhibits

10:00 AM
Live Cases 15 & 16 from Scripps Clinic
CTO Revascularization: Data Review; When to Open CTOs and When to Walk Away
Ashish Pershad, MD
Practical Approach to Chronic Total Occlusions: Step-by-Step Techniques
William Lombardi, MD

12:00 PM Lunch

1:30 PM
Live Cases 17 & 18 from Scripps Clinic
Lesion Preparation Prior to Stenting: Rotational Atherectomy
Simon Walsh, MD
Lesion Preparation Prior to Stenting: Orbital Atherectomy
Richard Shlofmitz, MD
Lesion Preparation Prior to Stenting: Laser Atherectomy
William Lombardi, MD

3:30 PM
Break & View Exhibits

4:00 PM
Live Cases 19 & 20 from Scripps Clinic
The Growing Role of OCT in PCI
Richard Shlofmitz, MD
PCI for STEMI: Fix the Culprit Lesion, or Fix All of the Lesions?
Cindy L. Grines, MD
Public Reporting of Risk-Adjusted PCI Mortality: What Does it Mean? Is it Coming to California?
Ajay J. Kirtane, MD, SM

6:00 PM
Final Adjournment
Conference Location & Hotel Accommodations

Hotel Information

Please make your own hotel reservations.

The Hilton La Jolla Torrey Pines Hotel is located on the internationally famous Torrey Pines Golf Course. Adjacent to Scripps Clinic, 10 minutes north of lovely La Jolla, and 20 minutes from the San Diego airport, the Hilton is close to all the attractions that make San Diego so desirable to visit. With the Pacific Ocean as a backdrop, all rooms command a spectacular view of either the ocean and championship golf course, or a meticulously tended, lush garden.

The Hilton La Jolla Torrey Pines is offering a special group rate of $239 (plus tax and parking, if required) for meeting attendees through October 18, 2017 or until the block fills, whichever comes first. After that date, reservations will be accepted based on availability.

Hilton La Jolla Torrey Pines
10950 North Torrey Pines Road, La Jolla, California 92037
Reservations: 1-800-HILTONS
Hotel Direct: 858-558-1500
You must mention the Cardiovascular Interventions 2017 symposium when making your reservation in order to receive the special group rate.

Make your reservation online at www.cvinterventions.com
Click the “Hotel” tab and follow the direct link to the special reservation site for our group.

Please be sure to join us for Wednesday night’s dinner symposium! “Great Cases in Interventional Cardiology”

This will be an interactive symposium highlighting interesting cases with lively discussion by our expert panelists and conference attendees.

SUBMIT YOUR CASES!

This is your opportunity to be part of the conference! Have an interesting case that you want to share or get input on? Submit it on DVD for consideration. If selected, you will have the opportunity to present your case to our panel of experts and to your colleagues for discussion. The 3 best cases will be chosen for presentation.

Cases can involve any topic or situation encountered in Interventional Cardiology including:

• Complex PCI
• Clinical Decision Making
• Peripheral Interventions
• Structural Heart Interventions

Submit Cases to:
Curtiss T. Stinis, MD • 9898 Genesee Ave • AMP-200 • La Jolla, CA 92037 • 858-824-5234
Rlaw@promedicacme.com
Registration Fees & Information

**Cardiovascular Interventions 2017**

**Included:** Course tuition, breakfasts, breaks, lunches, pre-conference seminar, satellite symposia, and electronic course materials  
**Not Included:** Travel costs, lodging, and parking

**Conference Registration Fees**  
......... Physicians $899 through Sept 25 $999 Sept 26 – Onsite  
......... Fellows & Residents $599 through Sept 25 $699 Sept 26 – Onsite  
......... Nurses, Technicians & Others $399 through Sept 25 $499 Sept 26 – Onsite

**PRE-CONFERENCE SEMINAR/SATELLITE SYMPOSIA**  
......... Yes, I will attend the Tuesday Pre-Conference Seminar  
......... Yes, I will attend the Tuesday Dinner Symposium  
......... Yes, I will attend the Wednesday Breakfast Symposium  
......... Yes, I will attend the Wednesday 9:30 – 10:30 AM Symposium  
......... Yes, I will attend the Wednesday Lunch Symposium  
......... Yes, I will attend the Thursday Breakfast Symposium  
......... Yes, I will attend the Thursday Dinner Symposium  
......... Yes, I will attend the Friday Breakfast Symposium

**BY COMPLETING THIS REGISTRATION FORM AND RETURNING IT TO PROMEDICA INTERNATIONAL YOU ARE ACKNOWLEDGING COMPLIANCE WITH ALL ATTENDANCE POLICIES.**

**PLEASE PRINT CLEARLY** and provide your direct contact information in order to receive any conference communications and updates. Your badge will read as follows:

<table>

**Ways to Register**

Online  
www.cvinterventions.com  
www.promedicacme.com  
Fax  
760-720-6263  
Mail  
Promedica International CME  
300 Carlsbad Village Dr  
Ste 108A-326  
Carlsbad, CA 92008

**Questions**  
Contact Promedica International CME  
Phone 760-720-2263  
Email Rlaw@promedicacme.com

**Registration Confirmation**  
A confirmation letter will be emailed to you upon receipt of the conference registration form and payment. If you have not received it within two weeks, please contact Promedica International CME.

**Attendee Cancellation Policy**  
The course tuition is refundable, minus a $100 processing fee, if your cancellation is received in writing no later than September 26, 2017. Cancellations cannot be accepted over the telephone. Refunds will not be available after September 26, 2017.

**Guest Attendance Policy**  
All conference activities (including educational sessions, meal functions, exhibit hall, etc.) are exclusively reserved for conference attendees. Non-registered guests (including children, family members, colleagues, etc.) are not allowed in the conference areas. Badges provided at registration are required for entrance into all functions and will be strictly enforced.

**Symposium Materials**  
All symposium information including the detailed agenda, faculty listing, faculty disclosures, industry support, and course materials will be found on our fully mobile website.
A stimulating and comprehensive program that features live case demonstrations, lectures and panel discussions that will discuss the state-of-the-art concepts and techniques of interventional cardiology.
