This conference fulfills the Title 17 California Code requirement for 4 CE credits in radiation safety for the clinical uses of fluoroscopy

20 LIVE SATELLITE CASE TRANSMISSIONS
Introduction

We hope you will join us to celebrate this milestone anniversary of the “Cardiovascular Interventions” series! Our 30th symposium will be a time to focus on the field’s past, present, and future accomplishments. The practice of medicine changes rapidly and the discipline of interventional cardiology changes dramatically each year. These changes in interventional cardiology directly impact patient care and require constant updates to physician knowledge and practices on the latest techniques, technologies, standards of practice, and guidelines for patient care.

The primary purpose of the “30th Annual Cardiovascular Interventions” symposium is to provide the practicing physician and cardiovascular care team with a concentrated exposure to these new developments in interventional cardiology that will positively influence patient outcomes. The 2019 scientific program has been carefully designed by consulting recent key clinical trial data, articles in peer-reviewed scientific journals, physician focus groups, past evaluations, and needs assessments. Participants will learn the latest advances and debates in interventional cardiology. They will return to their practice environment armed with the latest evidence-based, practical information to improve patient care and outcomes.

Conference Highlights

- Live case transmissions from the state-of-the-art Scripps Prebys Cardiovascular Institute
- Plenary lectures from internationally known leaders
- Ample question and answer time with expert faculty
- Attendee receptions with networking opportunities among colleagues
- Diverse satellite symposia and pre-conference seminar on the latest advances

Target Audience

This course is designed for interventional cardiologists, cardiac surgeons, vascular surgeons, internists, NPs, PAs, nurses, cath lab technicians, perfusionists, registered cardiovascular invasive specialists, radiologic technologists, and those with a special interest in interventional cardiology. No experience in interventional cardiology is required, however a basic understanding of the field is recommended.

Educational Objectives

After attending this activity, participants should be able to:

- Apply new technical approaches to specific lesion subsets such as bifurcation lesions, left main lesions, chronic total occlusions and saphenous vein graft disease
- Integrate the latest guidelines and practice improvements into the management of myocardial function
- Discuss new techniques under development for transcatheter cardiac valve repair and replacement
- Reduce common catheterization laboratory patient complications using new techniques and technologies
- Critique the latest evidence supporting new cardiac imaging modalities such as IVUS, OCT and FFR guided stent deployment
- Prescribe the appropriate antithrombotic therapies based on the latest data and guidelines

CME Accreditation and Designation

Promedica International is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. Promedica International designates this live activity for a maximum of 23 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nursing Contact Hours

Provider approved by the California Board of Registered Nursing, Provider #8495 for 23 Contact Hours.

Perfusion CEUs

The American Board of Cardiovascular Perfusion (ABCP) has approved a total of 27.6 Category 1 CEUs for perfusionists for Wednesday, October 30 (4.8), Thursday, October 31 (11.4), and Friday, November 1 (11.4).

Registered Cardiovascular Invasive Specialist CEUs

CCI does not approve CEUs directly, however CCI will accept CEUs that have already been approved by accredited sponsors of the Accreditation Council for Continuing Medical Education (ACCME). RCIS attendees will claim the physician certificate option when completing the online evaluation and can use that certificate to claim CEUs from CCI.

Radiologic Technologist CE Credits

Category A CE credit is pending approval by the ASRT. Updated information on the determination will be provided online at www.promedicacme.com as soon as it is received.

ABIM MOC Accreditation

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 23 Medical Knowledge MOC points and Patient Safety MOC credit in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Radiation Safety

This conference fulfills the Title 17 California Code requirement for 4 CE credits in radiation safety for the clinical uses of fluoroscopy.

Commercial Support

This course is supported, in part, by educational grants from industry, in accordance with the ACCME Standards for Commercial Support. At the time of printing, a complete listing of commercial supporters was not available. Appropriate acknowledgement will be given to all supporters at the time of the educational activity.
Faculty

Course Director
Paul S. Teirstein, MD, DNBPAS, FACC, FSCAI
Chief of Cardiology
Director, Interventional Cardiology
Scripps Clinic
Director, Scripps Prebys Cardiovascular Institute
Scripps Health
La Jolla, CA

Scripps Course Co-Directors
Matthew J. Price, MD, FACC, FSCAI
Director, Cardiac Catheterization Laboratory
Scripps Clinic
La Jolla, CA

Richard A. Schatz, MD, FACC
Research Director,
Cardiovascular Interventions
Director, Gene and Cell Therapy
Scripps Clinic
La Jolla, CA

Curtiss T. Stinis, MD, FACC, FSCAI
Director, Peripheral Interventions
Director, Interventional Cardiology Fellowship Program
Scripps Clinic
La Jolla, CA

Jennifer Lutes, MSN, NP-BC
Lead TAVR Coordinator
Interventional Cardiology
Scripps Clinic and Memorial Hospital
La Jolla, CA

Symposium Faculty
Ziad Ali, MD, DPhil
Assistant Professor of Medicine
Victoria and Esther Aboudi
Cardiovascular Researcher
Louis V Katz Scholar
Director of Invasive Imaging and Physiology
Columbia University Medical Center
New York, NY

Matthew Budoff, MD, FACC, FAHA
Professor of Medicine
UCLA School of Medicine
Torrance, CA

William Fearon, MD, FACC
Professor of Medicine
Director of Interventional Cardiology
Stanford University
Stanford, CA

Philippe Genereux, MD
Director, Structural Heart Program
Gagnon Cardiovascular Institute
Morristown Medical Center
Morristown, NJ

Jorge A. Gonzalez, MD, FACC, FSCMR
Director, Advanced Cardiovascular Imaging (CT/MRI)
Co-Director, Hypertrophic Cardiomyopathy Clinic
Scripps Clinic Division of Cardiovascular Diseases
La Jolla, CA

James Hermiller, MD, FACC, MSCAI
Director of Interventional Cardiology
St Vincent Heart Center of Indiana
Indianapolis, IN

Amir Kaki, MD, FACC, FSCAI
Director of Mechanical Circulatory Support
Director of High Risk and Complex PCI
Associate Director of Interventional Cardiology
Ascension St John Detroit
Detroit, MI

Dean J. Kereakes, MD, FACC, FSCAI
Medical Director
The Christ Hospital Health Network
The Christ Hospital Research Institute
Cincinnati, OH

Morton Kern, MD, MSCAI, FACC, FAHA
Professor of Medicine
University of California, Irvine
Chief of Medicine
VA Long Beach
Long Beach, CA

Ehtisham Mahmud, MD, FACC
Division Chief, Cardiovascular Medicine
Executive Director
UC San Diego Sulpizio Cardiovascular Center
San Diego, CA

James McCabe, MD, FACC, FAHA
Medical Director, Cardiac Catheterization Labs
University of Washington Medical Center
Seattle, WA

Jeffrey W. Moses, MD, FACC
John and Myrna Daniels Professor of Cardiology
Columbia University Medical Center
New York, NY

Ashish Pershad, MD, FACC
Chief of Interventional Cardiology
Banner University Medical Center, Phoenix
Phoenix, AZ

Duane S. Pinto, MD, MPH, FACC, FSCAI
Associate Professor of Medicine
Harvard Medical School
Chief, Interventional Cardiology
Director, Cardiac Intensive Care Unit
Beth Israel Deaconess Medical Center
Boston, MA

David G. Rizik, MD, FACC, MSCAI
Chief Scientific Officer
Director of Structural & Coronary Interventions
HonorHealth Hospital/HonorHealth Heart Group
Scottsdale, AZ

Richard Shlofmitz, MD, FACC
Chairman of Cardiology
St. Francis Hospital
Roslyn, NY

Eric Topol, MD, FACC
Director and Founder

Executive VP
Scripps Research
La Jolla, CA

Jennifer A. Tremmel, MD, MS, FACC, FSCAI
Assistant Professor of Medicine (Cardiovascular)
Stanford University Medical Center
Stanford, CA

Faculty Disclosure
In accordance with the ACCME Standards for Commercial Support, course directors, planning committees, faculty and all others in control of the educational content of the CME activity must disclose all relevant financial relationships with any commercial interest that they or their spouse/partner may have had within the past 12 months. If an individual refuses to disclose relevant financial relationships, they will be disqualified from being a part of the planning and implementation of this CME activity. Employees of a commercial interest with business lines or products relating to the content of the CME activity will not participate in the planning or any accredited portion of the conference. Disclosure will be made to all participants at the conference location, prior to the educational activity commencement.
Tuesday, October 29

Pre-Conference Seminar

10:00 AM – 4:30 PM
in the Fairway Ballroom
Sponsored by Abiomed, Inc.
This activity is not included in CME hours

Large Bore Access Workshop

9:00 AM
Continental Breakfast
Registration Open
Fairway Foyer

10:00 AM
The Importance of Safe Access Techniques
Philippe Genereux, MD

10:20 AM
Bleeding Is a Predictor of Mortality
Duane S. Pinto, MD, MPH

10:40 AM
Femoral Access: Optimal Technique for Puncture
Curtiss T. Stinis, MD

11:00 AM
Question & Answer

11:20 AM
Lunch
Fairway Foyer

Wednesday, October 30

Breakfast Symposium
7:30 – 8:30 AM in the Fairway Ballroom
Sponsored by Terumo Interventional Systems, Inc.
This activity is not included in CME hours
– Radial to Peripheral: Algorithms for SFA Treatment
– The Economics of Same Day Discharge after Peripheral and Coronary Intervention: Impact of Radial Access
– The Radial Approach for Complex Coronary Interventions

Mid-Morning Symposium
9:00 – 10:00 AM in the Fairway Ballroom
This activity is not included in CME hours
New Horizons for Intravenous Platelet Inhibition in Complex PCI

9:00
Pre-Treatment with Oral Antiplatelets in Elective PCI and ACS: What Do the Data and Guidelines Tell Us?
Ehtisham Mahmud, MD

9:15
Selecting the Right Patient and the Right Lesion for Intravenous P2Y12 Inhibition
Duane S. Pinto, MD, MPH

9:30
Rules of the Road for Transitioning From Cangrelor to the Oral P2Y12
Matthew J. Price, MD

9:45
Discussion
Ehtisham Mahmud, MD
Duane Pinto, MD, MPH
Matthew J. Price, MD

Nurse and Tech Symposium

Tuesday, October 29
12:00 – 5:30 PM

Course Director:
Jennifer Lutes, MSN, NP-BC
Lead TAVR Coordinator
Interventional Cardiology
Scripps Clinic and Memorial Hospital
La Jolla, CA

The full program and accreditation information will be available soon online at www.cvinterventions.com or www.promedicacme.com.
Dinner Symposium
7:00 – 9:00 PM in the Fairway Ballroom
Sponsored by Medtronic
This activity is not included in CME hours
Great Cases in Interventional Cardiology: Complications, Difficult Decisions, Challenging Anatomy, and More!
Faculty: James Hermiller, MD
Richard A. Schatz, MD
Curtiss T. Stinis, MD
Paul S. Teirstein, MD
Jennifer A. Tremmel, MD, MS

Thursday, October 31
Breakfast Symposium
6:30 – 7:30 AM in the Fairway Ballroom
This activity is not included in CME hours
More information will be available online at www.cvinterventions.com or www.promedicacme.com.
6:30 AM
Continental Breakfast and View Exhibits
7:30 AM
Live Cases 5 & 6 from Scripps Clinic
Show Me the Data: Key Clinical Trials of 2019
Ehtisham Mahmud, MD
Complex PCI With Ultra-Low or Zero Contrast
Ziad Ali, MD, DPhil
Transcatheter Mitral Valve Repair and Replacement: Data, Devices, and Patient Selection
Matthew J. Price, MD
9:30 AM
Break & View Exhibits
10:00 AM
Live Cases 7 & 8 from Scripps Clinic
Unprotected Left Main and Multivessel PCI Update: Expanding PCI Indications
Paul S. Teirstein, MD
Transcatheter Aortic Valve Replacement (TAVR) Data Update: From Ultra-High to Low-Risk
Paul S. Teirstein, MD
Fighting Restenosis: Tips and Tricks from Laser, Ultra-High Pressure Inflations to Brachytherapy
Paul S. Teirstein, MD
12:00 PM
Lunch in the Fairway Ballroom
– Challenging Cases Panel Discussion
– Radiation Safety in the Cath Lab
David G. Rizik, MD
1:30 PM
Live Cases 9 & 10 from Scripps Clinic
Appropriate Case Selection for Supported PCI
James Hermiller, MD
Intravascular Lithotripsy
Ziad Ali, MD, DPhil
TAVR: Which Device for Which Patient?
Curtiss T. Stinis, MD
3:30 PM
Break & View Exhibits
4:00 PM
Live Cases 11 & 12 from Scripps Clinic
What’s New with DAPT? Shorter DAPT Duration, Genome Directed DAPT, New Generic Anti-Platelets, Cangrelor, Switching Agents, Monotherapy and More
Dean J. Kereiakes, MD
Endovascular Techniques for Limb Salvage: How to Succeed with Complex Cases
Curtiss T. Stinis, MD

Friday, November 1
Breakfast Symposium
6:30 – 7:30 AM in the Fairway Ballroom
This activity is not included in CME hours
More information will be available online at www.cvinterventions.com or www.promedicacme.com.
6:30 AM
Continental Breakfast & View Exhibits
7:30 AM
Live Cases 13 & 14 from Scripps Clinic
How Artificial Intelligence Will Change Cardiology
Eric Topol, MD
PCSK9 Inhibitors for the Interventionalist: Which Patients Do We Choose and How Do We Use?
Matthew Budoff, MD
LAA Closure: Why, When, and in Whom?
Matthew J. Price, MD
9:30 AM
Break & View Exhibits
10:00 AM
Live Cases 15 & 16 from Scripps Clinic
Practical Approach to Chronic Total Occlusions Step-by-Step Techniques – The Antegrade and Retrograde Approach
Ashish Sholomitz, MD
Precision PCI: Using Vascular Imaging to Appropriately Select Patients for Atherectomy
Richard Sholomitz, MD
12:00 PM
Lunch in the Fairway Ballroom
– Challenging Cases Panel Discussion
– Peripheral Interventions for the Coronary Interventionalist: How To Get Out of Trouble
Curtiss T. Stinis, MD
1:30 PM
Live Cases 17 & 18 from Scripps Clinic
The Pros and Cons of Multivessel PCI During MI
David G. Rizik, MD
Same Day Discharge Has Been the Standard at Scripps for Almost 10 Years, but Not Everywhere – What is the Data?
James Hermiller, MD
How to Approach a Complex Case: Tips and Tricks for PCI Success
Curtiss T. Stinis, MD
3:30 PM
Break & View Exhibits
4:00 PM
Live Cases 19 & 20 from Scripps Clinic
How I Do 12 Cases by 12 O’Clock: Running a High Volume, Efficient, Busy Cath Lab Including Room Turnover, Patient Safety, Cath Lab Morale, and Device Availability
Richard Sholomitz, MD
PFO Closure Fundamentals: Who and How to Treat
Matthew J. Price, MD
Conference Location & Hotel Accommodations

Hotel Information

Please make your own hotel reservations.

The Hilton La Jolla Torrey Pines Hotel is located on the internationally famous Torrey Pines Golf Course. Adjacent to Scripps Clinic, 10 minutes north of lovely La Jolla, and 20 minutes from the San Diego airport, the Hilton is close to all the attractions that make San Diego so desirable to visit. With the Pacific Ocean as a backdrop, all rooms command a spectacular view of either the ocean and championship golf course, or a meticulously tended, lush garden.

The Hilton La Jolla Torrey Pines is offering a special group rate of $245 (plus tax and parking, if required) for meeting attendees through September 25, 2019 or until the block fills, whichever comes first. After that date, reservations will be accepted based on availability.

Hilton La Jolla Torrey Pines

10950 North Torrey Pines Road, La Jolla, California 92037
Reservations: 1-800-HILTONS
Hotel Direct: 858-558-1500

You must mention the Cardiovascular Interventions 2019 symposium when making your reservation in order to receive the special group rate.

Make your reservation online at www.cvinterventions.com or www.promedicacme.com. Click the “Hotel” tab and follow the direct link to the special reservation site for our group.

Please be sure to join us for Wednesday night’s dinner symposium!

“Great Cases in Interventional Cardiology: Complications, Difficult Decisions, Challenging Anatomy, and More!”

This will be an interactive symposium highlighting interesting cases with lively discussion by our expert panelists and conference attendees.

Submit Your Cases!

This is your opportunity to be part of the conference! Have an interesting case that you want to share or get input on? Submit it on DVD for consideration. If selected, you will have the opportunity to present your case to our panel of experts and to your colleagues for discussion. The 3 best cases will be chosen for presentation.

Cases can involve any topic or situation encountered in Interventional Cardiology including:

• Complex PCI
• Clinical Decision Making
• Peripheral Interventions
• Structural Heart Interventions

Submit Cases to:
Curtiss T. Stinis, MD • 9898 Genesee Ave • AMP-200 • La Jolla, CA 92037 • 858-824-5234
Rlaw@promedicacme.com

Mark your calendar to join us for next year’s symposium!

31st Annual Cardiovascular Interventions
November 10 – 13, 2020
Hilton La Jolla Torrey Pines, La Jolla, CA
Registration Fees & Information

Cardiovascular Interventions 2019

**Included:** Course tuition, breakfasts, breaks, lunches, pre-conference seminar, satellite symposia, and electronic course materials

**Not Included:** Travel costs, lodging, and parking

**Ways to Register**

- Online www.cvinterventions.com
  www.promedicacme.com
- Fax 760-720-6263
- Mail Promedica International CME
  300 Carlsbad Village Dr
  Ste 108A-326
  Carlsbad, CA 92008

**Questions**

Contact Promedica International CME
Phone 760-720-2263
Email Rlaw@promedicacme.com

**Registration Confirmation**

A confirmation letter will be emailed to you upon receipt of the conference registration form and payment. If you do not receive the confirmation letter after submission, please contact Promedica International CME.

**Attendee Cancellation Policy**

The course tuition is refundable, minus a $100 processing fee, if your cancellation is received in writing no later than September 15, 2019. Cancellations cannot be accepted over the telephone. Refunds will not be available after September 15, 2019.

**Guest Attendance Policy**

All conference activities (including educational sessions, meal functions, exhibit hall, etc.) are exclusively reserved for conference attendees. Non-registered guests (including children, family members, colleagues, etc.) are not allowed in the conference areas. Badges provided at registration are required for entrance into all functions and will be strictly enforced.

**Symposium Materials**

All symposium information including the detailed agenda, faculty listing, faculty disclosures, industry support, and course materials will be found on our fully mobile website.

**Cultural and Linguistic Competency**

This activity is in compliance with California Assembly Bill 1195 which requires that all CME activities comprising a patient care element include curriculum addressing the topic of cultural and linguistic competency. The intent of this bill is to ensure that health care professionals are able to meet the cultural and linguistic concerns of a diverse patient population through effective and appropriate professional development. Cultural and linguistic competency was incorporated into the planning of this activity.
A stimulating and comprehensive program that features live case demonstrations, lectures and panel discussions that will discuss the state-of-the-art concepts and techniques of interventional cardiology.
